## DAMAGING EVIDENCE

Jackson's Connection With the Pearl Bryan Murder.

### SOME EXPERT TESTIMONY.

Doctors Agree That the Girl Was Alive When Her Head Was Cut Off.—Mrs. Bryan and Her Son on the Witness Stand.—Proceedings of the Third Day of the Great Trial.

CINCINNATI, April 24.—Thursday's developments in the Scott Jackson trial for the murder of Pearl Bryan proved most damaging for the prisoner. Dr. Jenkins and Dr. Fishback, though differing somewhat in technical points, are agreed that Pearl Bryan was beheaded while she was yet alive. Dr. Jenkins claimed that had she been dead when she was decapitated the blood would not have been so completely drained from the body. Dr. Fishback said that the blood on the privet bushes could only have spurted from a live body.

The crowd began filling in the courtroom long before court was convened, and when the sheriff rapped for order, standing room was at a premium.

Dr. J. O. Jenkins, who assisted in the postmortem, was recalled and cross-examined by Mr. Crawford. He said that he was of the opinion that the head had been severed during life, giving as his reasons the presence of blood in the vessels of the body. He also said that the wounds in the fingers and the retraction of the skin showed that. There was no retraction of the skin in a dead body, and hence the wounds on the hand were inflicted during life.

Dr. Fishback, who also assisted in the postmortem, was the next witness introduced. He said that the body indicated that the dead woman was in perfect health, as all of the organs were in perfect order, and the external appearance was almost perfect. The wounds were next described by the witness. When asked if he had found any clots of blood on the body, the witness said he had found a small clot in the pulmonary artery, but none in the hand. His opinion as to how the cuts on the hand were inflicted was that the knife had been applied to the neck, and the girl, in defending herself, had struck the weapon with her hand. He said, in response to a question from Colonel Nelson, that he believed death resulted from the wound on the neck, and that she was alive when the operation of decapitation was begun.

On cross-examination by Colonel Crawford, the witness said that blood might have spurted from the neck after the severance of the head, even though death had resulted from another unnatural cause. He was emphatic in the statement, however, that the head would necessarily have been cut off a few seconds after death in order for the blood to flow.

"How long does it take to sever a head from a body?" asked Colonel Crawford.

"I do not know," he said.

"Was the head of Miss Bryan skillfully cut off or not?"

"Very skillfully done."

Judge Helm here asked the witness how many strokes of a knife it would take for a skillful operator to cut off a head, the witness answering that it would take many strokes, and would probably take five minutes.

Fishback here stepped down and Judge Helm adjourned court until 2 o'clock.

Edgar Schofield was the first witness called at the afternoon session of the court. He testified to being the agent by whom the stomach of Pearl Bryan and contents were taken to Dr. W. Crane in Cincinnati.

Dr. W. D. Litter of near Leesborough, Ky., followed Dr. Schofield. He testified to the fact that he was called into Jackson and Walling's room by Jackson about 10 days before the murder and questioned as to the action and effect of cocaine.

Mrs. A. S. Bryan, the aged mother of the dead girl, was the next witness. She made a pathetic figure, clad in black, in the witness box.

She testified to the fact that Scott Jackson had been a frequent caller at her home in Greencastle and often took Pearl out riding in a buggy. She identified the clothing on exhibition as that of her daughter. She told about identifying as her daughter's the body of the headless girl shipped to Greencastle.

"Is there any doubt about that being your daughter's body?" asked Colonel Nelson.

"None in the least," answered the mother.

She named as means of identification the same bodily marks that Mrs. Stanley had named.

Dr. G. I. Cullen of 714 West Sixth street was the next witness. He had visited the scene of the murder shortly after the body was found. He said that a head could be cut off in 30 seconds. Asked as to the use of cocaine for a criminal operation, he said: "I know of no instance where cocaine has been used internally for such a purpose."

Druggist H. C. Uhlen of Sixth street was the next witness. He testified that Scott Jackson had purchased in his store 17 grains of cocaine on Jan. 29. He said he wanted to use it in a preparation for killing pain before pulling teeth.

Mrs. Mary Morgan testified to finding Pearl Bryan's hat and the bloody handkerchief near the scene of the murder.

William White, the Newport undertaker, at whose morgue Pearl Bryan's body lay for the days of suspense dur-

ing which the police were struggling with the problem of its identity, was next examined. His testimony was of no importance.

Fred Bryan, the victim's brother, testified that Scott Jackson had been a frequent caller at their house. He said that Pearl had left Greencastle over the Vandalia at 1:35 o'clock in the afternoon, and he thought she was going to Indianapolis to visit Stella Fisher. He identified as his own the bloody valise, in which Pearl Bryan's head was supposed to have been carried, and made the identification doubly sure by producing a key which unlocked the satchel.

Allen Johnson, the porter in Dave Wallingford's saloon, was then called, and was the first colored witness. He testified to knowing Jackson and Walling as they had often been in the place. On Friday evening, Jan. 31, Jackson and a girl were in the place. Jackson borrowed \$2 from Wallingford, drank whisky over the bar. He afterward left with the girl in a cab. His description of the girl tallies exactly with that of Pearl Bryan. Johnson identified the dress and hat of Pearl Bryan. He only looked at a corner of the bespattered dress and said: "Yes'm that's the dress."

His testimony was not shaken in the cross-examination.

Court adjourned at 5 p. m., with Jackson still on the stand.

### STRIKE IS OFF.

The Window Glass Factories Will Not Close Down at Once.

MUNCIE, Ind., April 24.—The strike of the Hartford City glass works has been declared off and the window glass factories of the country will not close down at once, as threatened if the men refuse to go to work at Hartford City. President Burns of District Assembly No. 300, who ordered the strike, made the settlement.

The men will return to work when ordered, without the discharged man, Wilhelm. The adjustment was caused by the threat to throw 20,000 out of work for one month. The C. H. Over window glass works, with 350 hands, closed yesterday for the season. This is a part of the factories to go out as a result of meetings held in Muncie and Pittsburg.

### WILLIAM WILLIAMS DEAD.

He Was a Noted Orator and an Ex-Member of Congress.

WARSAW, Ind., April 24.—William Williams, aged 70, died at the home of his son, County Recorder J. R. Williams, after an illness of several months. He was a man of national reputation as a popular and effective Republican campaign orator. In 1852 he was a candidate on the Whig ticket for lieutenant governor and while not elected, ran ahead of his ticket several thousand votes.

He was a member of the Forty-second and Forty-third congresses from the old Tenth district. He made 40 speeches all over the United States on the tariff question during the Garfield campaign. He was minister to Uruguay and Paraguay under the Garfield administration.

### Jealousy Causes a Double Tragedy.

MEADVILLE, Pa., April 24.—Yesterday afternoon at a place about two miles south of here, Edward Karleskind shot his wife in the head three times, and then cut his own throat. Both are dead. The only witness of the tragedy was the couple's 8-year-old girl. She says her father knocked her mother down with a club and then shot her. Thinking the woman was dead, he took a razor and cut his throat from ear to ear, dying almost instantly. The woman lingered in agony for about two hours. Jealousy was the cause of the trouble.

### Sentenced For Life.

CROWN POINT, Ind., April 24.—Emanuel Morris, the colored jockey arrested for murder at the Roby race track last fall, was found guilty and was sentenced for life. Morris received the verdict without a murmur. During a dispute over a game of craps at Roby, Morris pulled a razor and fearfully slashed his opponent, who died instantly. Morris has spent his whole life at Chicago, Cincinnati and St. Louis tracks. Six jurors said they were in favor of hanging. The verdict was a compromise.

### Wanted For Coast Defenses.

WASHINGTON, April 24.—By executive order issued from the war department a part of the group of islands located in the Gulf of Georgia, Washington state, known as Suci Islands, and comprising 400 acres, had been reserved and set apart for military purposes and proclaimed a military reservation. The land so reserved is shown in the plat prepared last year by Major Post of the engineer corps, and is wanted for coast defenses.

### Disease Among the Sheep.

FRANKFORT, Ind., April 24.—"Liver-fluke," better known as "liver-rot," is prevalent among the sheep in this county. Richard Pence and Newton Saulsberry, well known sheep breeders, have lost many head during the past few weeks, and a number of other owners are sufferers. The disease is not contagious, and is contracted from germs in the grass. It is said that after the disease once becomes fairly seated there is no cure, death resulting.

LIGONIER, Ind., April 24.—George Washington Black, one of the wealthiest men in this county, dropped dead yesterday at Albion. Apoplexy is supposed to have been the cause. He was 59 years old.

## A NEW STATE HOUSE

Ohio Will Have One in the Near Future.

### DODGE'S BILL MADE A LAW.

It Appropriates \$400,000 For Remodeling the Present Structure—The Improvement Will Cost a Cool Million—The Senate Also Passes Dana's \$300 Cigarette-For-Revenue Tax.

COLUMBUS, O., April 24.—Without any debate, and after a few remarks of an approving nature by Mr. Ely, the senate passed the Dodge house bill providing for additions to the state house. There was but little opposition, only three senators, Messrs. Hamilton, Morgan and Shryock, voting against the bill, while there was an affirmative of 30.

The new law provides that the governor, a judge of the supreme court, the president of the senate, the speaker of the house and the adjutant general shall solicit plans from 10 architects to be submitted by Oct. 1, and a selection is to be made by Nov. 1, 1896.

Specifications are to be drawn up and a commission of four appointed by the governor before March 1, 1897, to supervise the construction.

The law contemplates the remodeling of the present capitol by either adding an additional story with modern towers and entrances, or the construction of wings to the present building. The idea is to spend \$1,000,000 on this improvement.

The present law appropriates \$400,000, leaving the balance for subsequent legislatures to handle.

The senate also passed Mr. Dana's bill taxing wholesale dealers in cigarettes \$300 a year and retail dealers \$100 a year. The measure is designed as a revenue raiser and not a prohibitive one. Mr. Dana will try to secure action by the house, but his hopes are not unlimited.

Other bills passed by the senate were: Mr. Sullivan's bill requiring city clerks to print their financial statements once a year in two papers of opposite politics.

House bill by Mr. McBride, to prevent the adulteration of and deception in the sale of linseed oil.

House bill by Mr. Deaton, repealing the section of the pure food laws providing that one-half of the fines for violation of said laws go to the informer.

House bill, to prevent the transportation within this state of hogs infected with cholera.

House bill, to provide for the refunding of taxes collected under the direct inheritance act.

House bill, providing that township trustees shall erect guide boards at cross roads.

Senate bill to provide for the sale of the working home for the blind.

House bill amending the law relating to the sheriff's compensation for summoning jurors, the fees being reduced.

The house passed one measure which is expected to be a revenue raiser. It was Mr. Hard's bill requiring certain corporations for profit to file annual reports with the secretary of state and to pay fees therefor. The measure provides that all corporations for profit having a capital stock, except banks, saving and loan associations, building and loan associations, insurance companies, railway and sleeping car companies, shall make a report in writing to the secretary of state annually on the first day of January, or in 60 days thereafter, on the condition of the corporation on the 31st day of December preceding, showing the name of the company, location of the principal office, names and addresses of the officers, amount authorized capital stock, amount subscribed, amount paid in, names and addresses of stockholders and number of shares owned by each. The fees to be paid in are regulated according to the amount of capital stock. If the capital stock is \$10,000 or less, the fee is to be \$5; more than \$10,000 and less than \$100,000, \$10; more than \$100,000 and less than \$300,000, \$15; more than \$300,000 and less than \$500,000, \$20; more than \$500,000 and less than \$1,000,000, \$25; \$1,000,000 or more, \$30. It is stated that the measure will bring about \$140,000 into the treasury.

The bill amending Section 6268 so as to provide that when a ward dies his guardian shall administer his estate, was passed as was the bill authorizing commissioners to provide for copying county indexes when they are becoming illegible.

### HIS SENTENCE ENDED.

A Convict Almost Severs His Head With a Knife.

COLUMBUS, O., April 24.—Patrick Lynch, a convict from Cuyahoga county, received on June 11, 1895, to serve a nine-year sentence for robbery, committed suicide in his cell some time Wednesday night, in a most horrible manner. When a guard went into his cell yesterday morning to wake him, he found on pulling the covers down that the bed was soaked with blood, and the head seemed to be entirely severed from the body.

Lynch had secured a shoeknife, and lying in the bed had, with a desperate stroke, the blade chancing to strike the junction of the vertebrae exactly, cut the head almost off, it hanging by but a shred of flesh. He had been in a despondent mood for some time.

### An Agreement Violated.

COLUMBUS, O., April 24.—President Penna of the United Mine Workers has

notified the Ohio operators that the agreement which provides that all payments shall be made in cash is being violated in the Shawnee and Hocking Valley districts, where some of the operators are using scrip. President Penna stated that unless the agreement was observed by the operators he would order a suspension in the districts mentioned and any others where the agreement is being violated.

### Sixth District Republicans.

WILMINGTON, O., April 24.—The Republican congressional convention of the Sixth district yesterday evening nominated Seth W. Brown of Lebanon for congress, and appointed as delegates to the St. Louis convention W. B. Harrison of Xenia and E. J. West of Wilmington; as alternates, Judge H. L. Smith of Xenia and George B. Dunham of Wilmington, and as presidential elector, Hon. J. C. Leggett of Ripley.

### Built a Fire With Coal Oil.

CLEVELAND, April 24.—The wife of Herman Scharnitzka, a wood carver living at 110 Yonkers street, tried to kindle a fire yesterday evening with the aid of coal oil. The oil can exploded, burning her and two of her children, 5 and 3 years old, who were clinging to her skirts, so badly that they will probably die in the course of 24 hours.

### Struck by a Train.

MARTIN'S FERRY, O., April 24.—Yesterday Fred Neining's wagon and horses were struck by a Baltimore and Ohio train. Both horses were killed and Neining was probably fatally injured. While being carried up a stairway at Neining's home, it broke and he received additional injuries.

### Nomination Cost One Dollar.

COLUMBUS, O., April 24.—W. S. Kerr, candidate for congress in the Fifteenth district, filed his statement of expenses in securing the nomination with the secretary of state yesterday under the new Garfield law. He makes oath that his expenses were only \$1.

### Depot Burned.

HILLSBORO, O., April 24.—About midnight the Baltimore and Ohio freight depot, with contents and several box-cars on tracks near by were totally destroyed by fire of supposed incendiary origin. Loss unknown, but supposed to reach \$6,000 to \$10,000.

### Premature Explosion.

PORTSMOUTH, O., April 24.—Peter Evendall was injured yesterday by a premature explosion of dynamite used at the new ball park. His left arm was shattered, and he will lose an eye.

### Fell Over a Wall.

DAYTON, O., April 24.—Henry Reinmiller, a wheelmaker of Troy, was seriously injured yesterday by falling over an 18-foot wall near a railroad bridge. He may recover.

### Cashier Kight Held.

COLUMBUS, O., April 24.—Cashier John A. Kight of the defunct Fifth Avenue Savings bank was held to answer for alleged embezzlement.

### QUAY FOR PRESIDENT.

His Name Formally Launched by the Pennsylvania Republicans.

HARRISBURG, April 24.—Representatives of the Republicans of Pennsylvania assembled here in convention yesterday and formally launched the boom of United States Senator M. S. Quay for the presidential nomination. This feat was accomplished amid scenes of much turbulence. Men ordinarily sedate lost their tempers and said harsh things to each other, and at least one distinguished gentleman made demonstrations of violence.

The violent scenes were the result of the efforts of the anti-Quay delegates to secure the adoption of a resolution naming McKinley as the second choice of the convention. After an exciting debate the proposition was defeated by a vote of 178 to 65.

The convention nominated the slated candidates for congressmen-at-large, and selected the delegates and electors-at-large named by the caucus. The platform drawn up by Senator Quay's friends was adopted without material change. In fact, it was a Quay convention all through, although those opposed to that gentleman made things lively on the floor of the convention and in committee room.

The financial plank of the platform is as follows: "Faithful to its record, believing that the people are entitled to the use of the best money and anxious to restore and preserve the industrial and commercial prosperity of the Union, the Republican party favors international bimetalism, and until that can be established upon government account it demands the maintenance of the existing gold standard of value."

### McKinley Delegates in Virginia.

STAUNTON, Va., April 24.—The Republican convention met here yesterday and selected delegates-at-large to the St. Louis convention and instructed them to vote for McKinley as long as there was any prospect of him receiving the nomination. The delegates are William Lamp, General James A. Walker, Major S. M. Yost and A. W. Harris, colored.

LAPORTE, Ind., April 24.—William R. Handley of Mount Aye, Pulaski county, has been missing for several weeks. He was last heard of in Salt Lake City, and it is feared he has since died, and that his body lies in an unmarked grave. The lodge of which he was a member is now working on the mystery.

## TELEGRAPH LINES CUT

No Communication With the Town of Buluwayo.

### CONSIDERABLE ANXIETY FELT.

The Last Telegram From There Reports That a Battle Had Been Fought Near the Town and That Many Natives Had Been Killed—Further News Is Anxiously Awaited.

CAPE TOWN, April 24.—Telegraphic communication with the town of Buluwayo has been cut off at Fig Tree. The latter is a small place near Mangwe, southwest of Buluwayo. The break cuts off all means of communication by wire with Buluwayo, and, in view of the serious condition of affairs there, the town being surrounded by 15,000 hostile Matabeles, it causes considerable anxiety.

A repairing and scouting squad has been sent out from Mangwe in the direction of Fig Tree. It is hoped the break may be due to an accident or simply be the work of a marauding band of Matabeles.

The last dispatch from Buluwayo dated Wednesday reports that a small fight had occurred near that town and that many natives had been killed. "Our loss," the dispatch adds, "was one killed and three wounded, including a cousin of Earl Gray."

### A SCARCE ARTICLE.

Osman Digna's Dervishes Want to Get Where There's Food.

SUAKIM, April 24.—An Arab, who has reached here from Osman Digna's camp at Horasab, says that he saw 100 wounded dervishes there, and he confirms the report that over 100 of the enemy were killed in the recent fight.

The dervishes are urging upon Osman Digna to withdraw to Thamiakhor, owing to the scarcity of food. He has dispatched camel men to the khalfia asking for instructions.

Several of the subsidized sheikhs have been disrated for failing to support the Egyptian troops.

### Pretoria Dispatches.

LONDON, April 24.—A Pretoria dispatch to The Daily Telegraph says:

"It is reported that the chief members of the national reform committee intend to plead guilty to the charge of high treason."

"A dispatch from Buluwayo received here and dated Tuesday says that Mr. Spreckley intends to take out another force to harass the rebels."

### Mbarukaziz Surrenders.

ZANZIBAR, April 24.—Chief Mbarukaziz and his followers, who have been causing so much trouble that several detachments of German troops have been sent to Tanga in anticipation of further disturbances, fled from the British to the German territory and has now surrendered to Baron Von Wissman, the governor of German East Africa.

### Troops Ready to Start.

LONDON, April 24.—Detachments of the King's Royal rifles, stationed at Dover, and the Irish rifles, quartered at Brighton, have been ordered to hold themselves in readiness to proceed immediately to South Africa.

### FRENCH CABINET RESIGNS.

Not Able to Secure Relief For Madagascar They Step Down and Out.

PARIS, April 24.—The cabinet has resigned. M. Bourgeois, in announcing the resignation of the ministry, read a statement contesting the right of the senate to overthrow a ministry or to be the sole interpreter of the constitution, but he added, in view of the impossibility of securing proper military reliefs for Madagascar, the cabinet was compelled to resign.

The premier was frequently interrupted with cries from the Extreme Left of "Down with the senate," and when the ministers filed out of the house there was loud applause from the Right and Center, to which the Left replied with loud cries of "Turn out the senate," "Down with the senate."

A scene of prolonged tumult followed. The crisis precipitated by the resignation of the cabinet has set the politicians of all shades briskly at work to get what advantage is possible out of the new formation. The Bourgeois cabinet, distinctly Radical as it has been and even socialistic, has held office longer and accomplished more than was thought possible when it first took office after M. Rillot's overthrow. The opinion is expressed in the lobbies that M. Bourgeois has made a blunder in resigning even now, and that he could have defied the senate and continued to hold office with the approval of the chamber.

It is feared that the present cabinet crisis may have serious effects on the political fabric. It seems probable that a presidential crisis will ensue. In fact it has been argued by some of the deputies that the resignation of the presidency by M. Faure is part of M. Bourgeois' plan. The two chambers would have to meet together as one, the national assembly to elect a new president. M. Bourgeois believes that he could control the national assembly as one body, though as two chambers the senate is against him.

ANDERSON, Ind., April 24.—On the first Sunday in May a joint meeting of all classes of glassworkers in Indiana is to be held at Gas City. Among the speakers will be Eugene V. Debs and Samuel Gompers of the American Federation of Labor.

TENNESSEE Republicans, after selecting their delegates to the National convention, marched them up to the rostrum and compelled them to solemnly pledge themselves to abide by the instructions of the convention. The delegates were instructed for McKinley. They evidently were afraid the delegates would sell out.

NEVER in the history of the State has the official conduct of a Governor been more strongly indorsed by his party than the official conduct of Gov. Bradley. This is not all of the story, either. The conservative Democrats indorse him for the bold stand he takes for law, order and decency.—Greenup Gazette.

If the indorsements are all like the one given him by the Ninth Congressional district they amount to little. The convention went through the formality of adopting a resolution, but the delegates didn't seem to care much about it.

### HOW NOW, MR. MCCARTNEY?

**The Greenup Gazette Claims He Was Guilty of a Breach of Trust at the State Convention.**

[Greenup Gazette.]

We understand that John P. McCartney was appointed to cast the vote of Greenup County in the Louisville convention.

The vote of Greenup County was instructed for Governor Bradley, yet Mr. McCartney took upon himself the privilege to cast that vote against Governor Bradley when voting for temporary Chairman.

It is time for Mr. McCartney to explain why he did this.

To say the least of this it was a breach of trust on the part of Mr. McCartney that he will have some trouble in explaining to the Republicans of Greenup County.

### Bucklen's Arnica Salve.

It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by J. James Wood.

Mason County Democrats will be entitled to thirteen votes in the coming State convention.

MR. GEORGE F. BROWN will shortly go on the road for Messrs. C. D. Russell & Co., the chinamen.

Don't forget that Hechinger & Co. are sole agents for the celebrated Hopkins hat—both in straw and stiff.

THE protracted service in the First Presbyterian Church is suspended for to-night and to-morrow. Whether it will be reopened on Sabbath, altogether depends upon the indications that may be manifested in the meantime.

At the coming State convention Bracken County will be entitled to seven votes, Robertson to three, Fleming nine, Nicholas seven, Lewis five, Greenup six, Boyd eight, Lawrence nine, Carter seven, Rowan three, Bath seven and Harrison eleven.

SCOTT COUNTY Democrats are early in the field, and have ordered a primary election for August 1st, to nominate a county ticket. The regular election does not take place until November of next year. It was also ordered that in future primaries be held in the same year in which the general election is held, in the month either of May, June or July.

THE Council of the Diocese of the Episcopal Church of Lexington will convene in St. Paul's Church, Newport, on Wednesday evening, June 6th. Among those who will attend are Bishop Dudley, of Louisville; Bishop Burton, of the Lexington Diocese, and Bishop Penick. The session will last four or five days, and clergymen and lay delegates from all over the diocese will be in attendance.

### A CYCLE THIEF.

**A Colored Boy Brings a Fine Wheel Here From Lexington and Sells it For \$10—In Custody.**

A roughly-dressed colored boy riding a fine bicycle made his appearance on Market street yesterday afternoon.

The youthful rider was a stranger and the contrast between his rough clothes and his fine wheel naturally attracted attention.

He got off at Wheeler's and after spending a few minutes in the store tried to remount his wheel. It was a man's wheel, and the difficulty he had in getting on showed he was not an expert.

Later he turned up in the Fifth ward and tried to dispose of his bicycle to several parties for \$10. When questioned he said he was from Mt. Sterling, and that his father had made him a present of the wheel for "working in the tobacco patch." He said the wheel cost \$100, but that it was so much up-hill going back home he had concluded to sell it and take the train.

His actions and the low price asked for the wheel excited suspicion at once, and he didn't succeed in making a sale in that end of town.

Coming down town the boy finally succeeded in making a sale of the wheel to Mr. James Brown, the blacksmith on East Third, the price paid being \$10.

Pocketing the cash the lad made a bee-line for the Red Corner and purchased a new suit of clothes which he put on, leaving his ragged clothes at the store.

While the fellow was making his purchase, Captain Martin and his clerks recognized him as the individual who had attracted so much attention during the afternoon on the wheel. They asked him if he had sold his bicycle, and he replied that he had not, that he had plenty of money and didn't have to sell. They concluded from his actions that he had been guilty of some crooked work, and the Captain decided to put Chief Ort on the case, and accordingly sent word to that officer.

Before the Chief reached the store the negro had left. It was not long, however, before Chief Ort and Policeman Purnell found the fellow and placed him under arrest on suspicion.

The mail from Lexington shortly afterwards brought Chief Ort a postal from the Chief of Police, telling him to be on the watch for a negro and stolen bicycle. The number of the wheel was given.

Mr. Brown was hunted up and an examination showed that the wheel he had bought from the negro was the one wanted at Lexington.

The negro gave his name as "Bud" Johnson. He finally confessed that he had stolen the wheel from a Mr. Vanmetre's residence three miles out of Lexington.

Some of the money, about half of it, was recovered from him.

The Chief of Police at Lexington has been notified, and an officer will likely be down to-day after Johnson.

The next ride Johnson takes will likely be to Frankfort.

### SALE OF LIQUOR BY DRUGGIST.

**Important Ruling on the Subject in a Case Taken Up From Carlisle.**

In reversing the case of the Commonwealth against Lindsay taken up from Carlisle, the Court of Appeals, in an opinion by Judge Paynter, says:

First—A license to sell liquor is not necessary in order to authorize one who is both a physician and druggist to prescribe and sell liquor as a medicine. Nor is a written prescription necessary. Therefore upon the trial of appellant for the offense of selling liquor without a license the court erred in excluding testimony tending to show that as a physician and druggist he had prescribed and sold the liquor in question as a medicine.

Second—A druggist need not have a license to sell liquor in order to authorize him to fill the prescription of a physician or his own prescription in which whisky is combined with other ingredients, provided he acts in good faith.

Third—The fact that one has had a license to sell liquor which he has forfeited does not deprive him of the right of subsequently carrying on the business of a druggist and selling liquor as such for medical purposes in accordance with the law.

If his brain is heavy, and his blood sluggish, because of constipation, he will not succeed in doing anything very well. Constipation is the cause of nine-tenths of all sickness. Symptoms of it are: sallowness, listlessness, poor appetite, bad taste in the mouth, dizziness, biliousness and lassitude. Constipation can be cured easily and certainly by the use of Dr. Pierce's Pleasant Pellets. They are not at all violent in their action, and yet they are more certain than many medicines which are so strong that they put the system all out of order. The great advantage of the "Pleasant Pellets" is that they cure permanently.

### Minerva.

Died, at her home near Minerva, Mrs. Garrett Donovan after an illness of a few days. Could frail humanity have the deciding vote in the affairs of this life we still would be receiving the benedictions of her presence, and contributing to her happiness with all the sweet labors of love; but observation teaches us that the reaper Death in wielding his sickle spares not even the rarest flowers, and we meekly submit to the inevitable, saying "Thy will be done." As the scent of the roses still clings to the broken vase, so the bright example which she has left shall ever remain with us and be a stimulus to incite us to nobler purposes and higher aims in life. She lived consistently a Christian life, and did much toward the amelioration of mankind. She was an earnest advocate of everything that promoted better society and was always willing to make sacrifices that others might be happy. She was a tender, kind and devoted mother, and wherever she was always displayed her two most predominant traits—gentleness and charity—and in the manifestation of her charity was unostentatious, never letting her right hand know what her left hand doeth; and in her death many will realize that a friend indeed has been taken from them. Her departed spirit still hovers over our affections, overshadows our pathway, and draws us by unseen cords to herself in heaven. That which we prized most hath but gone before and vanished from our sight only to quicken our aspirations to rejoin her and behold and comprehend the glory, the majesty and wisdom which called her spirit hence.

"They have laid her away beneath the mouldering sod, Her head at rest on nature's breast, And her soul at peace with God."

## The Bemis Tobacco Setter.

The only successful transplanter on the market, and stood the test during the dry season of 1895, where its competitors failed. A practical machine that any farmer can use, simply constructed and will last a life-time if properly cared for. Makes its own season, gets tobacco out earlier, starts quicker and more uniformly than hand planting. Will make its price every year in a small crop. See what the largest grower in the State says about it. From Leslie Combs, Lexington, Ky.: "This is to certify that I have used three different Tobacco Transplanting Machines upon my farm, and that I find the plants live so much better after the Fuller & Johnson 'Bemis' I would buy no other. This opinion is formed from working all of these machines side by side through the entire season of 1895. Every machine fully warranted to do satisfactory work in the field or no sale. To secure one of these machines orders must be placed early. For sale by

## BAD MONEY.

Counterfeit Silver Dollars and Quarters Being "Shoved" in This City. One Merchant's Experience.

"Shoving the queer."

Counterfeiters or their agents are engaged in such work in Maysville.

Just how much of the bad money has been put in circulation here is not known.

The "queer" stuff is in the shape of silver dollars and quarters.

An attempt was made at one store Thursday to pass three of the counterfeit quarters and one of the bad dollars.

The merchant had his suspicions aroused and an examination disclosed the fact that the money was no good, and he refused to accept it.

It would be well for all our merchants to be on their guard.

### A Narrow Escape.

What came near being a fatal accident to a number of people occurred at the Main Street Methodist Church, says a special from Mt. Olivet.

The benediction had just been pronounced, and a few of the people were out of the building. The sexton had lowered the large chandelier for the purpose of extinguishing the lights. He was letting it back again when it fell with great force and was smashed into pieces. The sexton and several others narrowly escaped instant death, while several were quite seriously hurt.

### When Traveling.

Whether on pleasure bent, or business, take on every trip a bottle of Syrup of Figs, as it acts most pleasantly and effectually on the kidneys, liver and bowels, preventing fevers, headaches and other forms of sickness. For sale in 50 cent and \$1 bottles by all leading druggists. Manufactured by the California Fig Syrup Company only.

### STANLEY B. NOLIN.

A Popular Young Man Succumbs to an Attack of Typhoid Fever This Morning.

Mr. Stanley B. Nolin died at 9:15 o'clock this morning, after a sickness of four weeks with typhoid fever.

All that medical skill and tender and affectionate nursing could do failed to check the ravages of this dread disease. His condition became critical yesterday. His end was calm and peaceful; no dread nor fear of death, but like a child he folded his hands and quietly went to sleep. His awakening will be with the redeemed in glory.

Deceased was twenty-three years of age and was the only son of Mr. and Mrs. James Nolin. He was a popular young man who made friends wherever he went. May his parents, sisters and other relatives be comforted and consoled in this great sorrow that has come to them.

The funeral arrangements have not been announced.

### Horses Wanted!

Mr. Joe Kindig, of York, Pa., will be at Mose Daulton & Bro's stable, Maysville, Ky., on Tuesday, May 5th, 1896, and will pay the highest market prices for good, sound horses or mares from four to six years old, well broken and in good flesh. Bring in good ones and get the money for them. Don't forget the date.

### Monitor Ranges.

Ranges made by the best manufacturers in this country, from \$25 up and warranted. If not as represented you can find me any hour in the day at my store. See me before you buy from any one. I will save you money.

### Marvelous Results.

From a letter written by Rev. J. Gunterman, of Dimondale, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, as the results were almost marvelous in the case of my wife. While I was pastor of the Baptist Church at Rives Junction she was brought down with Pneumonia succeeding La Grippe. Terrible paroxysms of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at J. James Wood's drug store. Regular size 50c and \$1.

The groom is a wealthy bachelor of seventy years and the bride is a handsome young lady of twenty-five summers. Six years ago Mr. Bryant was sued for \$25,000 damages for breach of promise of marriage by Miss Lottie Sherman Case, of Montgomery County. The jury awarded her \$4,000 damages, and other expenses of the litigation cost the defendant about \$4,000 more.

### Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed in the Spring, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malaria poison. Headache, Indigestion, Constipation, Dizziness, yield to Electric Bitters. Only fifty cents per bottle at J. James Wood's drug store.

## GOVERNOR CLAUDE MATHEWS.

Indiana's Distinguished Governor Pays His Old Home a Brief Visit.

Governor Claude Mathews, of Indiana, paid Maysville a brief visit yesterday.

Governor Mathews was accompanied by his wife. They had been visiting his foster-mother, Mrs. Richart, of Owingsville, and were en route home. They drove from Owingsville to Maysville, arriving here during the afternoon.

As is well known, the Governor was a resident of Maysville for some time during his school days and in early manhood, and has many warm friends here. A great many of these called on him and his wife at the Central during the afternoon, and were glad to have the pleasure of once more greeting him in his old home.

Governor Mathews and wife resumed their journey at 5 o'clock, leaving on the C. and O. train at that hour.

By a combination of the Bertillon method of measurement with the finger print system any prisoner can be identified with almost absolute certainty and in a very short space of time. Mr. Galton calculates that the chance of two finger prints being identical is less than 1 in 64,000,000,000, and when we consider the relatively small numbers of the criminal population and that other personal evidence would be available in any doubtful case mistaken identity ought now to be a thing of the past. The method of incising finger prints proposed by Mr. Galton is at first sight somewhat complicated, but with a little practice we are told that about five minutes will suffice for the complete verification of any one of 2,632 sets forming a directory.

A specimen directory of 300 sets has been given, together with numerous finger prints. The method of obtaining the prints is to press the thumb or finger upon a plate of copper which has previously been coated with a very thin film of printers' ink. The inked fingers are then pressed or rolled upon the card which is kept as a record. Although finger prints have been used as a sign manual from the earliest times, yet it is only recently that they have been studied from a scientific point of view, and the evidence accumulated is as yet insufficient to enable us to realize their value to the anthropologist. Now that a good system of classification has been worked out it is to be hoped that observers will multiply rapidly, and that the bulk of the material at our disposal will soon be considerable.—Westminster Review.

# What is CASTORIA

Castoria is Dr. Samuel Pitcher's prescription for Infants and Children. It contains neither Opium, Morphine nor other Narcotic substance. It is a harmless substitute for Paregoric, Drops, Soothing Syrups, and Castor Oil. It is Pleasant. Its guarantee is thirty years' use by Millions of Mothers. Castoria destroys Worms and allays feverishness. Castoria prevents vomiting Sour Curd, cures Diarrhoea and Wind Colic. Castoria relieves teething troubles, cures constipation and flatulency. Castoria assimilates the food, regulates the stomach and bowels, giving healthy and natural sleep. Castoria is the Children's Panacea—the Mother's Friend.

## Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

DR. G. C. OSGOOD,  
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

DR. J. F. KINCHELOE,  
Conway, Ark.

The Centaur Company, 77 Murray Street, New York City.

## Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. ARCHER, M. D.,  
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

## DEATHS IN THE ELECTRIC CHAIR.

Two Wife-Murderers Executed in Sing Sing Prison.

SING SING, April 24.—There was a double execution at the state prison here yesterday. The victims were Louis P. Hermann and Charles Pustolka, both of New York city, both Germans and both wife-murderers.

Hermann shot and killed his wife during a quarrel on July 17, 1895, and Pustolka stabbed his spouse to death on Aug. 28 last, because he suspected her of infidelity.

Hermann asked as a special favor that he be executed first, and Warden Sage granted the request.

Both executions were successful.

## Lee's Nomination Confirmed.

WASHINGTON, April 24.—The senate in executive session yesterday confirmed the nomination of General Fitzhugh Lee to be consul general at Havana, Cuba. There was no opposition to confirmation. Both Virginia senators expressed themselves as satisfied with the appointment.

## Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore an important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be recommended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.

## VALUABLE

# HOTEL

PROPERTY FOR SALE.

THE HILL HOUSE property on the corner of Front and Sutton streets, Maysville, Ky., is for sale. It has a frontage of eighty-eight feet on Front street and 145 feet on Sutton street, which is a splendid location for a hotel. The house contains over fifty well-lighted and ventilated rooms and can be put in good condition for a comparatively small sum.

Maysville needs a hotel more than anything else, and now is the best chance that will ever be offered to get one.

If not sold privately sooner, will be offered publicly to the highest bidder on the premises, at 2 o'clock p. m.,

WEDNESDAY, APRIL 29.

For further information apply to the undersigned.

R. B. LOVEL,

Executor of Mrs. E. A. Hill, deceased.

## Don't You Want

The largest stock, the cleanest stock, the greatest variety and best quality to select from?

Don't You Want

the very best and freshest goods the markets afford at same prices or less than others sell stale and inferior goods at?

Don't You Want

to buy goods where every thing sold is guaranteed to be just as recommended?

Don't You Want

to place your dollar where you can get one hundred cents worth in return for each one?

Don't You Want

to get up from your table satisfied and happy and go out to your business with a pleasant smile for every one you meet?

Don't You Want

to be healthy and have a healthy family?

Don't You Want

to save money?

Of Course You Do.

Then come right along. My house is headquarters for everything good to eat. I don't allow anybody to sell goods cheaper than I do. Every time you go away from home to buy anything in my line you lose money. You either pay more or get inferior goods.

And Don't Forget

that my PERFECTION FLOUR has no superior, and there is nothing better than my BLENDED COFFEE—as good as some people in town go to Cincinnati and pay forty cents for. My house is also headquarters for pure Northern Potatoes, Sweet Potatoes, GARDEN SEEDS, Onion Sets and Fresh Vegetables, in large or small lots—wholesale or retail. Come in, everybody. You are always welcome.
